Hello Birkie Family,

As we look back at a “Year of Birkie,” it gives us time to reflect on what went well and where there are areas for improvement. We approach each year with the primary goals of providing the best possible year-round silent sport opportunities, of hosting world-class events that deliver inspiring experiences, and of engaging more and more people, young and old, to embrace an active, outdoor lifestyle.

As we strive to deliver on our mission, we will be tweaking details and adjusting schedules to improve the Birkie experience for every participant. Perhaps the most significant changes will be found during Birkie week 2017. As you know from our participant surveys and emails, the ABSF is in need of making necessary changes to the Kortelopet and Prince Haakon events. In 2017, both races will be moving to Friday. We hope that by showcasing the races on their own day, it will provide skiers with an experience that rivals that of our other events. This change also allows us to move the Barnebirkie and Junior Birkie back to Thursday, their original day, when the most kids skied in downtown Hayward and caught Birkie Fever (more details on page 8).

Registration for this fall’s Birkie Trail Run & Trek is already open and entries are rolling in. Mark your calendar as Birkie, Korte, Prince Haakon, Lumberjack Run, and Fat Bike Birkie registration opens on May 2, 2016! We invite you all to join us throughout the year for our full schedule of fun, active, lifestyle events (see calendar on page 13).

This summer, our team will be busy working on the new Birkie permanent start area near Telemark (look for a grand opening around our annual membership meeting in August), making

ongoing trail repairs, replacing many kilometer markers, and improving the new Korte start area at ‘OO.’ Just as skiers are made through training in the summertime, trails too are made in the warmer months to ensure that they are in prime condition year-round. Each year, the Birkie Trail welcomes thousands of silent sport enthusiasts who are looking for a place to train, relax, escape, or just be outside enjoying the solitude of the north woods!

If you haven’t considered membership in the American Birkebeiner Ski Foundation, please do. Members are the heart and soul of the organization. If you’ve longed to have a voice in ABSF elections, be an advocate for the mission, serve on the board, participate in the annual meeting Fun Day on the Birkie Trail, provide general support (along with receiving some cool perks, sweet discounts, and swag), I encourage you to reach out to Chris McGrath to learn more - chris.mcgrath@birkie.com.

If you need anything, or just want to chat, please don’t hesitate to reach out to me or anyone on the Birkie Team – we are here to help. I hope to see you running, hiking, biking and skiing on the trail! #BirkieFever

Until then,

Ben Popp

Thank You Volunteers!

“The volunteers were AWESOME...”

“As always, best volunteers ever...”

“Birkie volunteers are incredible!”

It takes the helping hands of over 2000 volunteers to bring the Birkie, Korte, Prince Haakon, Junior Birkie, Barnebirkie, Barkie Birkie, Fat Bike Birkie, and other Birkie events to life throughout the year. Our dedicated posse of volunteers provides a special infusion of Birkie Fever to each and every event. It doesn't go unnoticed! Here are a few brief comments from Birkie event participants – whether skiers, runners or bikers – they are unanimously grateful to our amazing volunteer corp.

“...this is a fantastic event with amazing volunteers!”

It is with deepest gratitude and appreciation that the staff and board of the ABSF thanks our wonderful, hardworking, enthusiastic Birkie volunteers. We couldn't do it without you! Thank you for helping us to welcome the world to our events all year through. Kudos to each and every one of you!

Volunteer of the Year – 2016

Congratulations to Jed & Jane Malischke Timber Trail Aid Station Race Chiefs

Jed and Jane are truly a dynamic duo. This husband and wife team have been dedicated volunteers at Timber Trail aid station for 30 years. As part of their Volunteer of the Year prize, Jed and Jane were presented with a new bicycle, courtesy of TREK Bikes. The Malischke's names will also be engraved on the Volunteer of the Year plaque that hangs in the Birkie office. This, along with other honors, was presented during the Volunteer Appreciation Luncheon on Sunday afternoon of Birkie weekend. This year's luncheon was attended by 400 volunteers, American Birkebeiner Ski Foundation board members, and staff. The ABSF would like to extend a hearty thank you to Jed and Jane for their many years of enthusiasm and dedication to the ABSF and their support of Birkie participants.

The ABSF Volunteer Appreciation Luncheon is provided by our sponsors Timber Ford of Hayward and the Hayward Area Memorial Hospital & Waters Edge. Special thanks to TREK Bikes for the generous donation of the Volunteer of the Year grand prize.

As ABSF Volunteers of the Year, the Malischkes received a bike, courtesy of TREK Bikes.

HONORING THE LEGACY • ENSURING THE FUTURE

Capital Campaign – Phase 2

Thank you donors! Your generous support has already been hard at work! The funds raised from Phase 1 of our Capital Campaign provided the means for us to purchase land for the new permanent start area, which will also serve as a year-round trailhead complete with a two-level warming shelter, and a large dual purpose storage building/warming shelter for cold race mornings. The grand opening of the new Birkie start trailhead is slated for early August and the 2017 Birkie will start in this new location. In addition, the International Bridge, that spans Highway 63 during race week, will be expanded allowing for 4 lanes of traffic in 2017.

We are pleased to announce the June 2016 launch of Phase 2 of our Capital Campaign! What was formerly known as Phase 2 and 3 is now a single phase with a focus on sustaining and improving our amazing trail system while providing the infrastructure improvements that will enable and inspire a healthy, active, year-round Birkie lifestyle! The theme of Phase 2 is:

Sustain – Improve – Provide – Enable – Inspire!

Sustain & Improve: Sustaining and improving the expansive Birkie Trail system is paramount to the success of the year-round healthy lifestyle we believe in and promote. Phase 2 includes extensive trail improvements and repairs, a new Korte start area at 'OO,' an initial investment in snowmaking equipment to assist with skiing in low snow years, and the beginning of the Classic Trail extension from 'OO' South.

Enable & Provide: Phase 2 also provides for several infrastructure improvements that will allow us to further our mission of promoting a healthy and active lifestyle. Planned improvements include warming shelters at the Timber Trail and Gravel Pit locations, and the addition of a new Nordic Center at 'OO.' Phase 2 also includes a plan to create an underpass beneath Highway 77, at Fish Hatchery, that will provide safe passage for skiers on race day and for all trail users year-round. This will connect the **Ski. Run. Bike. Live!**

Birkie Trail system from Hayward to Fish Hatchery, and points beyond.

Inspire: Inspiring a healthy, active lifestyle is greatly enhanced by the planned facility improvements including the new Nordic Center at 'OO' and the new Birkie Fitness Trail Circuit on the 'OO' loop trail. The planned 'OO' Nordic Center facility will offer year-round heated bathrooms, a large gathering area, community/group meeting room, kitchen area, vending area, wax and bike maintenance area, and a storage room for race day as well as other needs throughout the year. This venue is destined to be utilized by all who aspire to live a healthy, active, Birkie lifestyle!

In summary, Phase 2 of the *Honoring the Legacy – Ensuring the Future Capital*

Campaign will further our mission to:

- Promote and conduct the finest international cross-country ski competition and active lifestyle events
- Serve as good stewards of the American Birkebeiner Trail system
- Support healthy and active lifestyles among people of all ages and abilities

We are grateful for your continued support during Phase 2 and thank you, in advance, for helping us to ensure that the Birkie lifestyle lives on for generations to come.

Slumberland American Birkebeiner – Nordic Festivities

2017 Schedule of Events • February 23-26, 2017

The Birkie staff and board have been hard at work preparing for the 2017 Birkie week of Nordic fun and events. Mark your calendars! We look forward to seeing you February 2017 for the Birkie week of festivities!

Thursday, February 23, 2017

Birkie week festivities will begin with several events returning to their original Thursday schedule. The day kicks off with the Birkie Adaptive Ski event, followed by the Barkie Birkie Skijor, the Barnebirkie Youth Ski Tour, the Junior Birkie, and the Birkie Junior-Elite Sprints, culminating with the ever-popular Giant Ski Race.

- **9:00am - Birkie Adaptive Events 1.2K or 3K**
 - Adaptive athletes overcome physical challenges in one of 3 categories – sit-skiers, standing adaptive skiers, and visually impaired skiers
- **10:00am - Barkie Birkie Skijor**
 - Skiers & dogs enjoy the sport of skijoring and show off their “Barkie Fever”
- **12:00pm - Barnebirkie Youth Ski Tour**
 - Youth, ages 3-11, take to the streets in their own 1.2K or 3K mini-marathon
- **2:00pm - Junior Birkie Youth Ski Race**
 - Special ski event for passionate skiers between 7 and 19-years of age
- **4:30pm - Birkie Junior-Elite Sprints**
 - Junior skiers team up with elite athletes in a sprint competition
- **5:30pm - Giant Ski Race**
 - Skiers and non-skiers alike compete in teams of six on giant 25-foot long skis

While youth participation was strong in 2016, in past years Barnebirkie participation was strongest when the event was held on a Thursday. This also allows more families to participate in the downtown Hayward experience with a full schedule of events for skiers and spectators alike. 2017 will be the first year that junior skiers and elites will combine for the sprints, an event certain to provide inspiring moments for junior skiers and mentorship opportunities for elite racers.

Friday, February 24, 2017

The most significant changes in 2017 will be on Friday with both the Kortelopet and Prince Haakon races moving from Saturday to Friday to provide for a better overall race experience for all Birkie, Korte, and Prince Haakon skiers. Both races will finish in downtown Hayward with the 28K Kortelopet starting at the Highway OO Trailhead and the 15K Prince Haakon starting near Mosquito Brook. Skiers will be greeted by the ringing of cowbells, cheering fans, and the post-race celebratory atmosphere that was lacking at the current race start and finish.

- **10:45am - Kortelopet 28K Classic & Skate Ski Race**
 - North America’s second largest ski race moves from Saturday to Friday where skiers will journey from the Highway OO Trailhead to the finish line on Hayward’s Main Street

- **1:15 - 1:30pm - Prince Haakon 15K Classic & Skate Ski Race**

- A race which honors the Norwegian King, rescued and skied to safety by Birkebeiner warriors in 1206, the Prince Haakon Race will begin near Mosquito Brook and skiers will start at their own pace, making their way to the finish line in downtown Hayward, Wisconsin – a first for the 2017 race

The Kortelopet has grown 40% since 2006. With current and future Korte trail access and maintenance issues top-of-mind, the ABSF was in need of making necessary changes to ensure the viability of the race both now and in the future. Previously, Kortelopet and Birkebeiner skiers were on the course at the same time, creating concerning course congestion. We heard from Korte and Prince Haakon skiers that their finish line experience was underwhelming and took that to heart. By moving the race to Friday all skiers will experience the excitement that comes from having the support of family, friends and spectators there as they cross the finish line. The infrastructure in Hayward will allow for a much-improved overall event feel for skiers and spectators alike.

Saturday, February 25, 2017

On Saturday, the 44th Annual Slumberland American Birkebeiner skiers will christen the new Birkie start as participants embark on an over 50K journey (50K skate/54K classic) to their final destination at the finish line in Hayward, WI. We’ve heard from many Birkie skiers, who have family or friends in the Kortelopet or Prince Haakon, that they are excited to be able to cheer on their companions on Friday, and in-turn have their family and friends cheer for them during Saturday’s race!

- **8:30am - 44th Annual Slumberland American Birkebeiner 50K Skate & 54K Classic Ski Race**

- North America’s largest cross-country ski race finds thousands of skiers recreating the journey that Norwegian Birkebeiner warriors traveled to save Prince Haakon – the very essence of the legacy of the American Birkebeiner race

Sunday, February 26, 2017

The fun continues on Sunday with the On-Snow Ski & Bike Demo event. Record numbers attended this year’s event with skiers and bikers alike trying out the latest ski gear and fat bikes.

- **On-Snow Ski & Bike Demo**

- Held at the Highway OO Trailhead, this event provides opportunity for everyone to visit with the experts and try the latest ski gear and fat bikes

Schedule and details subject to change.

Additional events will be added as details are finalized.

Slumberland American Birkebeiner

Birkie Fever Moments

Torstein, Skervald & Inga – Birkie Fever on the Trail

Each year, in homage to the races roots, the American Birkebeiner Ski Foundation selects a trio of cross country skiers to represent two Birkebeiner warriors and Inga, mother of Prince Haakon.

This year, Duluth residents, Jen Pearson, Steve Long, and Bruce Derauf portrayed Inga and Birkebeiner warriors, Skervald and Torstein, respectively. The trio reenacted the historic flight on wooden skis and in full costume along the entire 55K classic cross-country course, serving as Birkie ambassadors on the trail. We visited with them about their experiences and here's what they had to say.

Steve Long - Skervald – “I had a mild case of the “post-Birkie blues” and told Inga

that I missed the 13th century. Portraying Skervald at the 2016 Birkie was a wonderful way to celebrate this spectacular race, this beautiful sport, and my Norwegian heritage. The warm response and connection with fellow skiers and spectators was far more than I expected. The best memories were of the wide eyes and smiles of the children we greeted, and the fun I had with Inga and Torstein in preparing for and portraying Inga and the warriors. I highly recommend others submit their applications to become warriors and Inga because it's an unforgettable, joyful experience!”

Jen Pearson – Inga – “I concur w/ Skerv's comments and yes, the post-Inga-and-warrior-blues have required treatment with occasional whiff's of pine-tar to slowly taper the Birkie weekend high. Portraying Inga was a wonderful way to celebrate my love of skiing and 20 years of personal Birkie fever, and my own Nordic heritage (although admittedly, my genes come from the Swedish side of the Nordic border). I didn't have any premeditated expectations, rather was just excited to have the chance to engage the experience for whatever it would bring. The energy and enthusiasm I received throughout the weekend was amazing.

Standing at the top of the bridge with the adorable “Baby Haakon” on my back, looking down Main Street with people cheering and toasts being raised will forever stand hairs up on my arms. It was a magical moment. It was a Birkie like none-other, and truly a way to celebrate the heritage and joy of being out on snow-covered trails w/ two skis strapped on... and in wonderful ski-loving company.”

Bruce Derauf – Torstein – “I felt honored to portray Torstein and I loved sharing my enthusiasm for the American Birkebeiner. The classic track was great, but the wooden skis had a lot of suction making for a long trip thru the woods! Skiing up Main Street with the prince, Skervald and Inga, made for a very memorable day. Portraying a warrior was a great way to greet the majority of classic skiers during the race. It was an unforgettable experience. Skervald (Steve), Inga (Jen), and I (Torstein) really appreciated the fantastic Birkie volunteers and their amazing spirit and joy for the event!”

Skiers interested in participating in this amazing experience are encouraged to consider participation in 2017. The Inga & Warriors contest will open later this fall. For more, visit www.Birkie.com/live.

#BirkieFever Brings New Beginnings

– Adam Hammerbeck

The American Birkebeiner is highlighted, circled, and asterisked on the calendars of skiers across the world as a marquee event garnering significant anticipation and excitement as the days draw nearer. However, this year's event will remain much more prominent on my calendar for years to come as Birkie Weekend 2016 included an amazing engagement proposal for my girlfriend, now fiancée, Melanie Hoffman and me.

For us, the Birkie was a means to a beginning, as Nordic skiing gets the credit for initiating our relationship. We met in

2013 at dental school in Milwaukee, WI and our very first dates included skiing under the lights of Lapham Peak in Delafield, WI. My first time on skis was that winter, and with my first Birkie just a few months away I was in desperate need of a few tips to say the least. I found myself in luck, with just the right person, as Melanie had skied while in college for Michigan Tech's Nordic ski team. I made sure to take full advantage of not only her expertise, but also my growing attraction to her. Later that winter I did indeed complete my first Birkie, and the #BirkieFever began.

I knew Melanie was the one for me early on. Fast forward two years to multiple wave bumps and a thriving relationship, I wanted to show her my commitment. With skiing so heavily influencing our beginning as a couple I felt a Birkie proposal would be fitting, bringing our relationship full circle.

Initiated with an email, the Birkie office went out of their way to make my dream a reality. A ‘fictitious contest’ was created that ‘selected’ Melanie and I as flag bearers in the

opening ceremony Thursday evening. We were provided the opportunity to ski Main Street behind US ski team member and Birkie torchbearer, Kikkan Randall to the Champions stage. As the ceremony concluded, master of ceremonies Peter Graves, asked me to unveil the draping from an ice carving that was created especially for the evening. To Melanie's surprise, the sculpture was staged and was engraved with the question, ‘Melanie, Will You Marry Me?’ She replied with an emphatic yes and was greeted by the cheers of the crowd assembled for the opening ceremonies.

I cannot thank the great people of the American Birkebeiner Ski Foundation enough for all their help in creating a memory that Melanie and I will cherish forever! Hayward, the north woods, and the Birkie hold a special place in our hearts and we look forward to continuing our healthy active lifestyle amidst one of our favorite places for decades to come! We have a lifelong case of Birkie Fever!

Slumberland American Birkebeiner

A Front-Row Seat to Birkie Fever!

My heart rate jumps as the national anthem reaches its final notes. Racers are tense, the gun goes off, and a sea of color explodes across the starting line of the 2016 Slumberland American Birkebeiner. All this adrenaline, and I am not even in the race. I'm with the group from Slumberland Furniture up in the announcer's tower. From here we have a bird's-eye view of the entire field of skiers and take in the spectacle that is the Birkie. It's easy to see why it is called "The Greatest Show on Snow."

This is Slumberland's first year as title sponsor of the Birkie, and the excitement of race day clearly demonstrates what a great organization the American Birkebeiner Foundation is. The planning, work, and volunteer effort it takes to make the event possible is nothing short of amazing. The

team from Slumberland is truly honored to have played a role in the event. We've caught Birkie Fever, too!

Even after the Elite Wave of skiers takes off for the woods, the excitement continues as a steady stream of skiers pile off the buses, find their way to their appropriate gate, and toss their gear bag into a waiting truck. As each wave blasts off towards the infamous power-line hills, the next waves accordion up to the line to await their start. The choreography of the entire sequence is an organizational masterpiece that is a sight to behold.

We can't stay long, however, if we are to see the entire race unfold. We will need to move fast. After the first few waves have departed, we scramble to our vehicle and head south to the halfway point at the Birkie

"OO" Trailhead. We no sooner find a place in the crowd along the trail than we hear cheering from a distance, indicating the lead pack is getting close.

The Elite women come through first, with a small group out front being hunted down by several smaller chase packs. As the women stream by, it's not long before we hear a freight train approaching ... the lead pack of men come roaring through, still nineteen strong. Soon the trail is full of skiers and as our voices begin to break from cheering on the racers, we again need to pull the plug and head to Main Street. The lead groups are really moving on perfect corduroy and we are not about to miss the finishing sprint into downtown Hayward.

Parking the Slumberland vehicle, where else but at the Slumberland store, we hustle toward the finish line. The view from the finish line looking back through town is amazing. Along both sides of the entire street is a mass of fans waiting to erupt when the first skiers come charging over the bridge and into the final sprint toward the finish line. Excitement and anticipation fill the air, and it is easy to see why they call it Birkie Fever.

All at once, there they are, the lead skiers in an all-out sprint to determine who takes the podium. The roar of the fans is deafening as skiers flood over the bridge. Soon Main Street is filled with skiers giving everything they have left over those last few meters to the finish. The flow of skiers continues, into Hayward, over the bridge, and onto Main Street in an endless stream of sheer determination after skiing nearly 30 grueling miles.

The atmosphere at the finish line is festive. The day has been perfect, and each skier has their own story to tell. It is easy to see that the Birkebeiner is certainly much more than a ski race. For everyone involved, Birkie Fever is clearly more of a year-round lifestyle than a once-a-year happening. From the team at Slumberland we salute that healthy way of living and look forward to all the activity and planning that lead up to bringing us together again next February.

Birkie Fever Moments

A Barrel of Fun

On Birkie morning I was consumed with navigating my own logistical race firsts.

I was not rushing to an early wave start, or to get my kick wax right, instead I was trying to get myself and my 15-pound accordion up the agonizingly gradual uphill between Highway 77 and Lake Hayward.

I positioned myself at about the 49K mark and waited with a thumping heart for the elite women I knew would be *Ski. Run. Bike. Live!*

approaching soon. And it wasn't because I was nervous for them – I was nervous for me! What song would they want to hear as they swiftly swept through the woods? A waltz? A jig? Soon packs of skiers were swinging around the base of the climb headed my way and I embarked on a nearly non-stop, 7 hour marathon of accordion tunes along the trailside.

As the day wore on, the efficient silence of the earlier waves gave way to the cajoling of skiers deeper in the pack. Soon the music was not only winning smiles and nods of approval but Edelweiss was quickly becoming a sing along song. One delightful Finnish man remarked with delight as I played his national waltz (*Metsakukkia*), while another skier declared he wanted to give me a kiss...and pulled a chocolate candy Kiss from his drink belt.

Late in the afternoon, I tromped back out of the woods and made it to Main Street to watch the last skier crest the International Bridge and glide up the glittering snow-

covered street. I too felt the relief of that moment, as if I'd finished the marathon with each and every skier.

Thank you for all the smiles on the trail. I enjoyed being part of the scenery in your race. And while it will be hard to decide whether to ski or play again next year, you can bet that if I am on the trail you can expect Roll out the Barrel...because playing for all of you was a barrel of fun!

Record Number of Riders Compete in 2016 Fat Bike Birkie

It was a glorious, 28° degree day in Cable, Wisconsin for the 4th annual 45NORTH Fat Bike Birkie Presented by Freewheel Bike. The finish of the 2016 47K race was akin to an instant replay from 2015. Will Ross, 2016 champion, repeated his first place 2015 finish, and Jenna Rinehart three-peated her championship podium with wins in 2014, 2015, and again in 2016.

The Fat Bike Birkie is the world's largest fat bike race and in 2016 offered both 47K (The Big Fat) & 20K (The Chico) race options for riders of all skill levels. With a perfectly groomed, firm trail, riders found near perfect trail conditions resulting in fast finish times for riders in both races.

In its fourth year, the Fat Bike Birkie has grown from fewer than 200 riders in 2013 to just over 1000 riders registered for the event in 2016. Riders from as far away as England

and Finland participated in this year's race which attracted racers from 2 countries and 14 states.

"We started the Fat Bike Birkie race in downtown Cable this year, which worked really well and created a terrific festival atmosphere," said Ben Popp, American Birkebeiner Ski Foundation, Executive Director. "Northwestern Wisconsin has really become the epicenter for the whole fat bike craze. We can't wait to see how the race grows in the next 10-years."

What was once thought of as a fad is now said to be the fastest growing bicycle sector. The sheer number of fat bike manufacturers grew from an estimated 50 in 2013 to over 100 in early 2015. The beauty of the fat bike is that its over-sized tires allow riders to cruise in all types of conditions, year-round, including groomed single-track trails, frozen

lakes, firm trails, or fresh powder. Fat bikes have extended the biking season and have added a whole new twist for winter adventurers, families, and friends who are looking for another way to enjoy a healthy, active lifestyle.

"A record numbers of skiers and bikers attended both the post-Birkie On-Snow Ski & Bike Demo, as well as the Fat Bike Birkie Demo. And, while fat biking may have started as a fad, now even major manufacturers are producing them," Popp continued. "We're really proud to promote the sport and to welcome riders to the Fat Bike Birkie to enjoy the beauty of our north woods."

The 2017 Fat Bike Birkie will be held on March 11, 2017. Registration for the 2017 Fat Bike Birkie opens on May 2, 2016.
