## 2022 Official Race Guide

This issue of the Birch Scroll<sup>®</sup> contains general information in anticipation of February's Birkie events. As in past years, a dual-purpose Official Race Guide & Visitors Official Spectator Guide will be available online, with a printed copy available to all participants at bib pick-up. The ABSF is working in cooperation with the Sawyer County Record on the flip-book style magazine. Like previous years, the guide will be your secret weapon to all things Birkie!

Cover Art - Created exclusively for Birkie 2022 by artist, Neal Aspinall. [Nealaspinnall.com](https://www.nealaspinnall.com)

# GREETINGS

Dear Birkie Friends,

While we dove into '20-'21 with loads of uncertainty, one thing we knew for sure – the Birkie community was strong, and together we would get through a year of challenging times...and that was exactly what happened! Hearing leading Epidemiologist Dr. Michael Osterholm give kudos to the Birkie and its efforts to create safe event experiences and proclaiming that everyone needs to “find their winnable moment, find your Birkie moment” validated all the work that went into creating the Birkie events in '20-'21. We really believed the events would be a medium to keep the community together, inspiring us to stay active and healthy during tough times.

Through a year of virtual and in person “hybrid” events, the show went on. In the fall we crowned the USATF Half Marathon Trail Champions at the Birkie Trail Run Festival, we launched the inaugural Turkey Birkie, hosted a series of youth events (burr, no inside spaces) and of course had the Birkie week of events over 5 days. While the events/programs of the '20-'21 season were far from normal, they kept us all engaged in the lifestyle, inspiring us to continue being active ambassadors and living the active outdoor lifestyle.

Events take an entire community, armies of volunteers, city/county officials and all kinds of business help...but this year the Birkie staff put in a herculean effort. As a collective team relying on creativity, on ingenuity, on compassion, and on expertise, they were able to pull off the unthinkable during a time when a pandemic dictated things not go well. The team ran ALL the Birkie events, keeping the community active, inspired, strong, connected, and most importantly safe. We give the crew huge kudos and we hope the next time you get a chance to see one of the Birkie staff at an event or program, give them a quick pat on the back. They did amazing work for the greater good.

Outside of all the events, the Birkie Trail was busier than ever. From seasoned veterans to new skiers/bikers/runners, the sheer volume of folks enjoying the Northwoods experience was inspiring. Seeing so many out reinforced our commitment to ensure the Birkie Trail is maintained to the best of our ability for people of all ages, abilities, and backgrounds to enjoy! Like skiers, trails are made in the summer and we are hard at work getting the over 100kms ready for the snow to fly.

Change is a given and the memorable Telemark property has always been the epicenter of Birkie activities. In February, the ABSF completed the purchase of Telemark, worked with the town of Cable & State of Wisconsin to remove the old lodge, and are now working to reinvest in the trails/venue as part of our Sustainable Telemark Campaign. Our vision is to create the ultimate outdoor recreation destination, a place you can come bike, ski, hike and enjoy being active outside: Mt. Telemark Village.

So, where does 21-22 take us?

The upcoming events, starting with the Birkie Trail Run in September, are poised to get the Birkie off and running again in a more “normal” way. We are seeing record numbers of people registering for our events. The Turkey Birkie Festival and a December Super Tour, both held on the new Birke Trail Head machine-made snow loops, are feeding the excitement for things to come.

The newly created Team Birkie, composed of athletes at college and elite levels, was put into action to help aspiring skiers cross the bridge to national and international ski competition. The ABSF, CXC, and Loppet Foundations have teamed up to provide opportunity for these athletes to receive high level professional coaching, support in their ski pursuits, and a team training group. Each of these athletes will give back to the larger ski community through helping at scheduled youth and adult ski clinics, serving as Birkie ambassadors and being inspirational role models for all.

The Birke One initiative was launched this last year with the eye on making sure everyone has access to the lifestyle we hold so dear. We want to make it possible for all people in our communities to not only have access, but to feel welcomed into being active in the outdoors. In order to be inclusive, this initiative is more than just words and requires us to learn to filter our actions through the light of empathy and understanding of the diverse cultures within our communities.

Birkie Green continues to evolve and grow as well. This next year we will be adding solar power to our office in Hayward, as well as at OO. Both systems will offset our power production at both sites, including the trail lights and maintenance at OO! On top of that our bibs for the 2022 race are manufactured by Borah and will be made of 100% recycled plastic –nearly 6.2 bottles in each bib!!

During this period of growth and change, if you need anything or just want to chat, don't hesitate to reach out to us or anyone on the Birkie Team – we are here to help you, the skiers, runners, and bikers!

We hope to see you out in the Northwoods and on our trails soon!

- The wave upgrade and race change request deadline is 4:00pm CST on January 19, 2021.
- All requests will be charged a \$15 service fee, whether a wave upgrade is granted or not.
- **Wave upgrades are subject to availability.**
- If the wave that you qualify for is full, you will be assigned to the next wave with space available.
- See complete details on determining wave upgrade eligibility on [Birkie.com](http://Birkie.com).

# Back-to-Back Podium Finishes

## 2021 Slumberland American Birkebeiner & Kortelopet

The 2021 Slumberland American Birkebeiner and Kortelopet races were unlike any in their histories. An extensive list of safety protocols were in place for the protection of participants, volunteers, staff, and the greater communities. There were no international competitors, no spectators, no busing, and no indoor gatherings or warm spaces. Masking was required at the start area, aid stations, and finish zone. Skiers had to be completely self-reliant. They transported themselves to the start area, carried their own energy needs and hydration vessels, and practiced social distancing in the start and finish areas.

Since the first American Birkebeiner ski race in 1973, over 250,000 skiers have completed American Birkebeiner Ski Foundation (ABSF) cross-country ski races. While 2021 participant numbers were down from previous years, both virtual and in-person race options were available to all registered participants. Fifty percent of skiers chose to ski in-person during a five-day race week (February 24-28, 2021) with the remaining 50% opting to ski virtually from points around the globe. Virtual skiers had to complete their events by the end of Birkie race week, Sunday, February 28. The ABSF worked with 48 Birkie Virtual Partner locations across the United States to provide a unique Birkie experience for skiers choosing not to travel to Wisconsin for Birkie week. Skiers in no-snow locations had the option of cycling, running, rowing, or swimming their way to a Birkie finish.

**Americans Vie for Championship Title Skate Recap; Feb. 27, 2021** – With temps hovering around the freezing mark, the morning's racecourse was fast and the competition hot in the 47th Slumberland American Birkebeiner. The traditional race route was completely modified from a point-to-point race – the American Birkebeiner Trailhead in Cable, WI to downtown Hayward, WI – to a shortened, 43K looped course that started and finished at the American Birkebeiner Trailhead. Johnny Hagenbuch, Ketchum, ID, and Alayna Sonnesyn, Plymouth, MN, claimed first place in their respective divisions in Saturday's elite skate technique race.

It was a race to the finish as a trio of male skiers fought their way up the bridge

to their descent toward the finish line. Hagenbuch finished in first place with a time of 1:54:15, with Sam Wood mere seconds behind him at 1:54:18. Tyler Kornfield took the final podium spot with a time of 1:54:20.

In the women's skate race, Alayna Sonnesyn, crossed the line first with a time of 2:06:45, with Rosie Frankowski, Anchorage, AK, closing in with a time of 2:06:49, and Caitlin Gregg clinching her third-place finish with a time of 2:08:17. This is Sonnesyn's second Slumberland American Birkebeiner title, having won the race in 2019. Gregg is no stranger to the podium either, with a record five Slumberland American Birkebeiner championships in her career.

### Men's 43K Skate Race

1 – Johnny Hagenbuch, Sun Valley Ski Education Foundation – Ketchum, ID – 1:54:15.2 2 – Sam Wood, Sun Valley Ski Education Foundation – Ketchum, ID – 1:54:18.6 3 – Tyler Kornfield, Alaska Pacific University Nordic Ski Center – Anchorage, AK – 1:54:20.3

### Women's 43K Skate Race

1 – Alayna Sonnesyn, Stratton Mountain School – Plymouth, MN 2:06:45.0 2 – Rosie Frankowski, Alaska Pacific University Nordic Ski Center – Anchorage, AK – 2:06:49.1 3 – Caitlin Gregg, Loppet Nordic Racing – Minneapolis, MN – 2:08:17.6

### Freshly Fallen Snow Challenged Skiers on Their Journey to the Finish Line

**Classic Recap; Feb. 28, 2021** – With fresh fallen snow covering the classic course on the American Birkebeiner Trail, the race was slow and challenging for skiers in the 47th Slumberland American Birkebeiner classic championship race. The classic race was also shortened to a hilly, 43K looped course that started and finished at the American Birkebeiner Trailhead in Cable, WI. Cutting tracks through the ankle-deep snow were Rosie Frankowski, Anchorage, AK, and Ian Torchia, Rochester, MN, the first skiers to cross the finish line in Sunday's elite classic technique race.

From early in the race, Ian Torchia had a commanding lead over his fellow male competitors. He left everything out on the racecourse, finishing with a time of 2:39:00. Saturday's skate champion, Johnny Hagen-

buch, Ketchum, ID, claimed second place in the classic race with a time of 2:46:18. The third spot on the podium went to Tyler Kornfield, Anchorage, AK, with a time of 2:47:08.

In the women's classic race, Rosie Frankowski, who took second place in the elite skate race the day before, led the pack of female competitors with a time of 2:51:44. Another repeat podium appearance came from, Alayna Sonnesyn, Plymouth, MN, who took second place with a time of 2:52:42. Katie Feldman, Ketchum, ID, rounded out the podium with a time of 3:07:08.

### Men's 43K Classic Race

1 – Ian Torchia, Stratton Mountain School T-2 – Stratton Mountain, VT– 2:39:00.9 2 – Johnny Hagenbuch, Sun Valley Ski Education Foundation – Ketchum, ID – 2:46:18.0 3 – Tyler Kornfield, Alaska Pacific University Nordic Ski Center – Anchorage, AK – 2:47:08.9

### Women's 43K Classic Race

1 – Rosie Frankowski, Alaska Pacific University Nordic Ski Center – Anchorage, AK – 2:51:44.0 2 – Alayna Sonnesyn, Stratton Mountain School – Stratton Mountain, VT 2:52:42.1 3 – Katie Feldman, Sun Valley Ski Education Foundation – Ketchum, ID – 3:07:08.4

### Kortelopet

Saturday's 26-kilometer Kortelopet race also followed a modified looped course starting and finishing at the American Birkebeiner Trailhead. The Kortelopet has a long legacy of elite skiers winning the race, including Olympic gold medalist Jessie Diggins, who won the Kortelopet twice in the earlier days of her skiing career.

### Kortelopet 26K Race

1 – Men's Skate – Kieran Mullen, Hazelhurst, WI – 1:16:43.2  
2 – Men's Skate – Declan Rodefeld, Blaine, MN – 1:17:56.5  
3 – Men's Skate – Nick Kjome, Maple Grove, MN – 1:19:26.1  
1 – Women's Skate – Nina Chosy, Madison, WI – 1:31:07.8  
2 – Women's Skate – Liv Fabel, St. Paul, MN – 1:35:12.7  
3 – Women's Skate – Audrey Lahammer, Red Wing, MN – 1:35:54.0

# Hayward Locals Catch Birkie Fever

—Rusty Zaspel, Appleton, Wisconsin

It had been a while since Bill Snow Jr. and I had skied together. 31 years to be precise. It was 1990 when these best friends from Hayward, Wisconsin last strapped on cross country skis and participated in the week-long world class festivities of the American Birkebeiner. Back then, all we knew was that Barnebirkie must have been Norwegian for ‘get out of school early.’ There was never school on Friday. Every year. And, every kid in Hayward knew that if you signed up for the Barnebirkie, you had a half-day Thursday as well. Big high five! I’m still convinced that that was the single reason we had so many Bill Koch skiers in Hayward Elementary School ranks. The race started at the Hayward Golf and Tennis club and we would do a few loops around the golf course before skiing past our non-skiing classmates who were still stuck in school as we shuffled down main-street to the finish line.

As we got older, skiing had to make way for other activities like middle school dances, algebra and Pearl Jam. When you grow up in Hayward as a kid, the Birkie is kind of just another week - where you listen to the locals complain about the closed roads, traffic, the ‘cheap-skate’ skiers who never buy anything. In many ways, we grow up looking past the Birke much in the same way that we look past the nick knacks and decorations in our homes. We know they are there when someone points them out, but they don’t grab our attention.

Like many other Hayward kids, Bill and I moved away for college...and then life

Cian Braun, Zoey Braun & Henry Zaspel: Members of the 39k club & next generation of skiers!

took hold. We would come back from time to time as spectators. As the unofficial homecoming of Hayward, Birkie-week would guarantee that you would run into old friends and acquaintances that were either skiing or spectating. For us, the idea of skiing the Birkie was always met with an eyeroll – the same reaction you might expect if someone were to suggest going bowling. Over the last 15 years, our spectator crew was much more into getting up early and hiking in at Mosquito Brook Road, with a toboggan full of cast iron and percolator coffee pots, past the still-relatively-sober “39K club” to what we called the lesser known “39.3k club.” For you Birkie skiers, we were the ones who built a fire at the very top of that long up-hill stretch only to smoke out the poor skiers when the wind changed. What we contributed for in smoke, we made up for in cheers and ringing bells. We were fans. We were cheerleaders. We were Birkie spectators and we were happy with our place in the whole thing. But, that all changed Saturday February 21st, 2020.

Something snapped. The weather on that day was incredible. The sun was shining. Everyone was having fun. Angler’s, the Angry Minnow, the Moccasin. All the bars were packed. The streets were full of spectators having a fun time. Skiers were doing “Shot Skis” on main street before making their way to the finish line. (To be clear, Shot Skis were never part of the Barnebirkie). The idea that had seemed so silly was now, all of a sudden, not so silly. So, I got on the phone and called a few friends. We all agreed that it was time to hang up our spectator boots in favor of some ski boots. Bill was one of those friends. My best friend. Less than five months earlier, Bill had lost his wife Lindsey (Joseph) Snow of 13 years to cancer. Lindsey was full of life. Her death had us all reflecting. I suspect that we were all feeling like we had better get to living as she did...inspired by her famous saying “suck it up, buttercup.”

So, there we were, agreeing to ski the Birkie, whatever that meant. Most of us hadn’t skied in years. I wasn’t even sure where my skis were. But, we could scratch something together. After all, we had a year to plan. Little did we know that as little as two weeks later, the entire world would shut

down due to the COVID-19 virus. Like many others, we spent the next twelve months trying our hand at homeschooling, maintaining sourdough starter and “training.”

One year later, we arrived at my parent’s house in Hayward where we stayed for the weekend. I looked forward to waxing, having a few beers and more than a few laughs. I finished the pleasurable job of waxing my almost brand new skis which I had gotten from Santa for x-mas (I suspect Santa got a great deal and great service from New Moon in Hayward). I offered to wax Bill’s skis. I immediately recognized the purple Salomon bindings. They were the same bindings I had on my skis when I was a kid. I said, Bill, where did you get these? He said they were old hand-me-downs from Lindsey’s dad. After I realized he was serious, we had a good laugh and I went to work. The skis were definitely ‘seasoned’ but they took the wax nicely and they were good enough to hang with our crew.

After a good night’s sleep, we got all masked up and headed up to Cable. The Covid-adjusted instructions were to not show up until just before the start time. So, with time to kill, we went to the headwaters of the Namekagon River where we’ve put in every year for our annual canoe and fishing trip. We took in the stillness quiet of that special place – a much different feel in the dead of winter. When our start time approached, we drove up past the Telemark Lodge one final time. There were already heavy excavators parked nearby, ready to demo what remained of this Northwoods

Rusty Zaspel, cruising past Tremblay’s Sweet Shop.

Slumberland American Birkebeiner

Bill and Rusty together after completing the Prince Haakon in 2021.

landmark that had been the site of many childhood school events and ski trips. As we drove into the muddy parking lot, there were skiers mulling around, everyone masked up.

We had selected to go easy on ourselves and choose the Prince Haakon race. 14k was not a full Birkie, or even a half, but it was 3x longer than the Barnebirke and seemed like a perfect distance for a couple of 40-year-old boys from Hayward who had a little extra Covid baggage to work off.

As we approached the starting line, the

anxiety that would normally be triggered by thousands of skiers and spectators was instead triggered by the anxiety that there was really no turning back now because there was no crowd to get lost in. We were doing this. As we approached the starting gate, a former high school teacher snapped a photo of the two of us about to ski our first Birkie event in 30 years. This kind gesture reminded me that for every local that sees the Birkie as a nuisance, there are just as many who embrace and support it with their time and sweat. For that, we remain grateful.

We snapped into our skis, and got into our starting lanes. The big countdown clock was making it real. 5:00 minutes to go. In front of us stretched a big thick red ribbon suspended all the way across the trail. I was chatting small talk with another first-timer to my left when I began to hear a growing ruckus of cursing and swearing starting to build on my right. I turned and I could clearly see Bill was befuddled – spouting all manner of four-letter frustration. “Bill, what are you doing?” “I can’t figure out how to get these poles to strap on,” he said. I explained that you put your hand in from underneath, grab the handle, then wrap the velcro strap around. Then it dawned on me, “When was the last time you skied Bill?” “I don’t know”, he said. “Maybe 10 years ago.” So, here I had been feeling guilty for not trying hard enough to prepare for my first race in 30 years and my buddy of 40 was just going to “wing it?” That was a micro-chasm of our friendship. This was going to be a

great “race.”

The gun went off and the race was on. It was a beautiful day to be in the wooded hills of the Namekagon River valley especially after the year we had had. After I had crossed the finish line, I took a moment to really appreciate just how cool this moment was. The sun was again shining. I had just completed my first race in 30 years and my best man was about to do the same. I spun around to film Bill coming across. Overhead, I hear the announcer...“There are a lot of great names that flash up on our computer screen, but the next one coming up is Bill Snow, and how much more appropriate could we get than Bill Snow.” I couldn’t agree more.

Recently, I was looking up our names and results for the race and my Google search returned all of those old Birch Scrolls from the 80’s and 90’s. As I was reading the list of names. There was another name that kept coming up - “Lindsey Joseph” (Snow). She had also skied her fair share of Barnebirkes with her brother Andy. I took it as a sign. I think the implied message was get out there boys. Next year...the Korte. See you all in 2022.

Lindsay (Joseph) Snow, in center wearing earmuffs, who was known to live by the motto: “Suck it up, Buttercup.”

# Birkie ONE – Our Diversity and Equality Filter

–Joe Vadeboncour, Chief Operating Officer

**W**hat is Birkie One? It is our belief that we are all equals and just that, One Community.

We envision Birkie ONE as a filter that all things must pass through to be as inclusive and diverse as possible, after all you cannot be what you cannot see. Unfortunately, XC skiing and mountain biking (2 pieces that are the essence of our mission), are not currently truly diverse activities at their core. We may never be as diverse as the population of the USA, but that does not mean we cannot start to make a difference at some levels with those activities. We are inspired to use

our position in all our lives as a mechanism for change.

At its core, our Birkie ONE effort is about making some small changes in what we do, who we are and what we talk about to help bring awareness to creating diversity in our community. After all, one of our core values as an organization is that we value diversity.

We believe Birkie ONE starts with **ABSF personnel** – the staff, board members, and volunteers. It will even trickle down to vendors/suppliers or partners we want to work with. Birkie ONE will also apply to events. Are we making it possible for all to have the opportunity to be inspired by the joy found in outdoor activities? Lastly, Birkie ONE is

about facilitating diversity in the community. All of us, as ONE, doing our part (right here) to reach out in our own community. Bring joy, bring healthy opportunities to our community both near and far.

We are all one community, that's Birkie ONE. We are putting the following stakes in the ground for us to chase:

- We will work to achieve gender and racial diversity in our staff and board that reflects the larger community.

- We will work to increase gender and racial diversity by 20% in our event participants by 2024

- We will launch the Birkie ONE outreach grant program and community service program in 2021. Our staff, board members and community will be invited to participate in these programs in the coming months.

We recognize that these changes alone will not change the world. We also know that small hinges can swing really big doors. We feel it is our duty to start making changes where and when we can.

We believe what John F. Kennedy believed, “For of those to whom much is given, much is required.”

## ABSF Thanks John Kotar for his Service

John Kotar, born and raised in Slovenia, former Yugoslavia, has been part of the Birkie lifestyle from the start. Served on the ABSF Board of Directors for nearly two decades! John says comparing the '73 Birkie with present-day races is like discussing two different centuries due to better trail grooming, better equipment and clothing, and better race organization.

When John, a retired University of Wisconsin forestry professor, immigrated to Milwaukee as a 17-year-old, his biggest disappointment was the lack of mountains or even hills. He missed skiing more than anything else. Yet his education and career in forestry would be just the ticket to the outdoors and snowy terrain he so loved.

After a stint in Seattle, he returned to the Midwest in 1972, just as cross-country skiing was beginning to boom. He was among the 34 men and one woman lining up at the start of the first American Birkebeiner in 1973, a race that was barely publicized, a race that provided new opportunity for citizen skiers, a race that captured John's heart.

“I came from Duluth that morning in 1973 and didn't even know where the start of the race was,” he says. “I asked at the desk at Telemark, and they didn't know much about it. One bus carried all the skiers to Historyland in Hayward. I paid \$6, waxed my skis on the ice, and within 20 minutes we were off.”

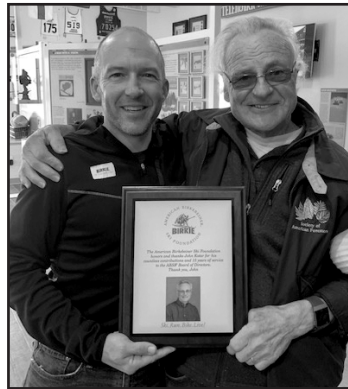

“When you look back on it and see over 40 years, it is pretty incredible. It's not something that could be planned. The first year we were so excited about it because there were no such races around. It really felt like an accomplishment; there was nothing like it. When we found out the race was going to be held again, we instantly signed up. Now it is a given that I will be at the Birkie every year. Things don't get easier, but it is such a tradition. I will keep coming back as long as the body will let me.”

In 1992 John, along with the Birkie Founders, created the Birchleggings Club to recognize those who have skied 20 or more Birkebeiners. Today, over 1000 Birchleggers are part of the elite club. You'll recognize them on race day by their purple Birchleggings bibs.

As a board member, John focused much of his attention on the Birkie trail and was delighted with the recent Classic Trail expansion and plans for future expansion.

“This new trail shows our commitment to classical skiers,” he said. “There are many out there who feel left out because the freestyle race does not suit them. I think this new trail will go a long way to bringing in some of those skiers who have never taken up skating but would otherwise partake in the race. I also believe we have the potential for bringing skiers from Norway as well as other European skiers, and I think that will be a good thing for the race.”

Thank you to John for his time and energy over the years!

*Vaccinated and boosted, Ben Popp presents John Kotar with an award of appreciation for his years of service on the ABSF Board of Directors.*

# One Saturday Morning in August

—Ben Marks

After another hot and steamy week, a cold front had blown in overnight. It was a spectacular morning. While I enjoyed my morning coffee down by the lake, steam was rising from the glass-like water, reminding me again why I love these Northwoods. As I pulled out of our driveway and headed toward Telemark, my auto confirmed it was a crisp 53 degrees.

On this particular morning, Ben Popp was guiding a tour of the Mt. Telemark Village property. As I pulled into the parking lot adjacent to the grassy field that was once the Telemark Lodge, it was apparent that lots of other folks were also curious to learn about the future of Telemark. More than a hundred Birkie types were mingling around, drinking their steamy coffees, and delighted to be wearing their fleece for this early morning event.

As usual, the event was well organized. There were tables under a canopy with artist's renderings of the master plan and plenty of staff to answer questions. As Ben

got everyone's attention and began to share their vision for the property, I had this feeling that I was witnessing history being made. This was the first time the Mt. Telemark Village plans were being shared publicly. Ben led us around the property, through dew-soaked grass, pointing out the future location for the Village Hub, the Festival Plaza, the paved trails, the expanded ski trails, the mountain bike flow trails and many other amenities, excitement grew as the crowd asked questions and offered suggestions.

The adage, "If you build it, they will come" seems appropriate here. Fifteen kilometers of ski trails with snow making capabilities exists nowhere else. Mountain bike flow trails, connecting to CAMBA's already massive trail network, will be epic. This infrastructure along with the other planned amenities will make Mt. Telemark Village a premier silent sports destination.

It's difficult to imagine how transformative this project could be for the Cable area in the years to come. It will be exciting to see this project come to fruition and to be a

part of something that promotes the Birkie's mission to support a healthy and active lifestyle for so many.

At the risk of overdoing it, I'll throw in another adage, "It takes a village." As we know, The American Birkebeiner Foundation is a non-profit organization. It will take a "village" for Mt. Telemark Village to become reality. It is a thoughtful, realistic plan, but it will require significant fund raising. A development campaign is already underway.

If you are passionate about the Birkie and interested in tax-deductible, charitable giving, please join me in supporting this worthy project.

*About the Author: Ben Marks is a Birkie participant, a local cabin owner and a Trustee for the Endowment for the Birkie. His company, Marks Group Wealth Management, is a silver-level sponsor of the American Birkebeiner Ski Race.*

# Birkie Trail Passes - What You Need to Know!

Full is in the wind, leaves are turning, and in no time the sparkle of snow will be in the air. Before you know it, you'll be waxing your skis in anticipation of your first day on the Birkie Trail.

If skiing the American Birkebeiner Trail is in your plans, please remember that a Birkie Trail pass is required from December 1, 2021 to March 31, 2022. The ABSF offers two pass options.

## Regular Season Birkie Trail Pass

- This pass gives you access to the entire groomed Birkie Trail once it opens for the season!

## All-Access Snow Pass

- The All-Access Snow Pass allows the same

access to the entire groomed Birkie Trail, but also includes access to the snowmaking loop that is groomed and tracked before there is enough natural snow to groom the Birkie Trail. **This is the only season pass option available to ski on the snowmaking loop.**

Birkie Trail passes go on sale in early November 2021. We depend on the revenue from all ski passes to make certain that the Birkie Trail system remains the No. 1 cross-country ski destination in the nation. Please make certain every skier in your family has the appropriate ski pass!

The American Birkebeiner Ski Foundation (ABSF) takes our stewardship of the

American Birkebeiner Trail system very seriously. We believe the secret to a perfectly groomed ski trail is to maintain the trail year-round. All proceeds from the sale of all Birkie Trail passes helps to defray some of the over \$391,000 in ABSF annual grooming, snowmaking, and maintenance expenses.

If you plan to enjoy the incredible Birkie Trail system this winter, please do the right thing; purchase your required pass and help support the ongoing maintenance of this amazing recreational trail. **This year, more than ever, the revenue from trail pass sales is important to the ABSF.** Our Birkie Ambassador team will be out on the trail monitoring for trail passes. Thank you for your consideration and support!

Soon you'll be able to purchase your Birkie Trail Pass on your phone through the new Birkie app. To learn more about the Birkie Trail pass program and where to purchase a pass, visit [www.Birkie.com/trail](http://www.Birkie.com/trail), call 715-645-5025, or stop in and see us in the Birkie Office on Main Street in Hayward.

# Worldloppet: Ski and Travel the World!

The American Birkebeiner is one of 20 international ski marathons, in 20 different countries, that make up the Worldloppet Ski Federation. The Worldloppet was founded in 1979 and included 10 of the world's most popular cross country ski events -- including the Birkie.

Each event is unique, highlighted by features of the host country. For the Engadin Ski Marathon in Switzerland, pre-race transportation is provided not by yellow school bus, but by red Swiss train. Rather than skiing through pine forests, Australia's Kangaroo Hoppet course weaves through snow gum trees. At the König Ludwig Lauf in Germany, skiers are rewarded with a beer when they cross the finish line. All of these countries and events are connected by cross country skiing.

For skiers who want to complete multiple events, a Worldloppet Passport features a page for each event. After completing an event, skiers can have their Worldloppet passport stamped. Collect stamps from 10 different events, symbolic of the original 10 event series, and a skier can earn the coveted

title of "Worldloppet Master." Complete all 20 events and you can earn recognition as a "Worldloppet Global Skier." Worldloppet passports and more information about events can be found at [worldloppet.com](http://worldloppet.com).

*Worldloppet Passport Stamps.*

The Worldloppet is about much more than simply collecting stamps. Experiencing each country's traditions and meeting new friends along the way creates memories that last a lifetime.

*Garrott Kuzzy is a retired Olympic ski racer, living out his golden years in Innsbruck, Austria. He runs Lumi Experiences, a travel company offering cross country ski vacations to some of the world's top ski destinations, including 8 Worldloppet events. ## BIRKIE®

### 2021 Birkie Volunteer of the Year

Mark "Gritz" Gritzmacher • Hayward, WI

Mark is a Medical Volunteer, helping coordinate all medical personnel on-site at Birkie events (year-round). Volunteer of the Year receives a FRAMED bike (of their choice at \$1000 value), typically announced at the Volunteer Appreciation Party.

*Gritz and Dr Dayle Quigley,  
Birkie Medical Director*

"Another bike ready to go for EMS trail response. the four components of any emergency Medical response consists of locate, triage, treat, and then transport. With all the miles of single-track bike trails we have in Sawyer, this is the fastest way to make initial patient contact," says Mark G.

### 2021 Shellie Milford Award Winner

Tom Duffy Sr. • Hayward, WI

Ben Popp presented the "Shellie Milford Spirit of the Birkie" award to Tom Duffy Sr. on behalf of the ABSF. Duffy has been involved with the ABSF since it started in the early 1980s. He and his wife Carol were the first and third skiers to complete the Worldloppet series of marathon ski races in 1980. He sits on the ABSF board as a representative of the Sawyer County Board of Supervisors. The ABSF established the Shellie Milford Spirit of the Birkie Award after Shellie Milford, who was the director of race operations for the American Birkebeiner for 28 years. The Shellie Milford Award is given each year to a volunteer, race chief, vendor, community member or skier whose selfless, thoughtful or heroic act contributes to a successful race and a positive experience for participants in the Birkie.

# Evolution of Birkie Participation

—Andrew Wall, Development Director for ABSF

The Birkie started as a ski race, but over time has evolved to become more than just a single race. Today, the Birkie vision encompasses living a healthy lifestyle, with events yearlong to support that vision. One can train for the Birkie in the winter, for a fall marathon, or a bike race in nearly every season, all as part of the year long active life that has evolved from a single grand event.

*The First Birkebeiner started in the Lumberjack Bowl in 1973.*

Just like the vision of the Birkie has evolved, so too can your involvement with the American Birkebeiner Ski Foundation. Whether you have skied a Birkie, Kortelopet, or Prince Haakon with us once or 25 times, perhaps this coming year add a mountain bike or trail run on the Birkie Trail to your active lifestyle agenda. For myself, ongoing exercise, or training, is always facilitated by signing up and preparing for an event. I suppose it's the accountability of knowing I will have to perform on an upcoming day. The process of preparation, usually with friends and family, helps to get me out of bed early and then out the door on really warm, or cold days, when drifting back off to sleep might be a whole lot easier.

*Isabel Barido (4) plays on the "Dive for the Dirt" kids' course.*

Just like trying out a new event to enhance your active life, the American Birkebeiner Ski Foundation has great ways to be involved that go beyond event participation. Consider one of the following this year as a way to contribute to the Birkie active lifestyle community:

**1. Volunteer** - With events on multiple weekends throughout each year, we'd love to have you come and volunteer with us for an event or a trail work day. The Birkie community of volunteers does so much to make events fun, safe and run smoothly, give back by joining us as a volunteer for an event you are checking out for the first time, or on a weekend when you are not running, biking or skiing. If your time doesn't allow for volunteering for an event, but you have organizational skills, we would love to talk with you about how you can be involved in the leadership of the Birkie, by being a part of a board or planning group.

*An ABSF walking tour of the current Telemark property before the Annual Meeting in August.*

**2. Support the trail infrastructure** - Each year, with support of the Birkie community, advances are made to the trail infrastructure. Be it new grooming equipment for the southern end of the trail, the evolution of mountain biking trails, or new fa-

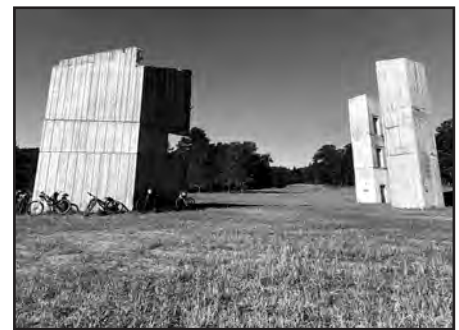

cilities like the Becker Law Link bridge crossing 77. Donations from the Birkie community continue to transform the North Woods playground. Consider sponsoring a KM of the trail through the Birkie Trail Friends program, or joining the Warrior Wall to support new facilities upgrades.

*The new Becker Law Link Pedestrian Bridge crossing over US Hwy 77 allows skiers and locals a better experience on race day.*

**3. Be a part of a revitalized Telemark** - With the American Birkebeiner Ski Foundation's purchase of Telemark land, and the demolition of the old Telemark Lodge a new vision for Telemark is emerging. This vision will place Telemark land into conservancy to ensure its beauty and silent sport use for future generations, and the possibility of a new Telemark Village will create a new gathering point for outdoor enthusiasts of all types. By becoming involved in the Sustainable Telemark Campaign you help to revitalize where it all started.

*The remains of the Telemark Lodge, home of the future Mt. Telemark Village.*

Just as the Birkie has evolved over its history, so too can your involvement. Consider engaging with us in new ways in the coming year. Add an event, volunteer or support the trail, or help us achieve a grand new sustainable vision for the Telemark property.

# Re-launching Birkie Green

—Joe Vadeboncour, Chief Operating Officer

At the core, the Birkie lifestyle is about embracing an active lifestyle in the great outdoors. Our tagline of Ski-Run-Bike-Live display core our outdoor passions, regardless your outdoor passion, we endorse almost all of them. We work hard to take care of our outdoor resources that we are stewarding, but we do not intend to stop there.

As outdoor enthusiasts, we all recognize that our planet and our environment require nurturing. We recognize that we have a huge impact on the environment, and recognize that we need to look for ways to change that. It is a big job and we have a long way to go, but we no longer will sit on the sidelines of this effort.

With that, we are excited to re-introduce our Birkie Green effort. The Birkie Green effort extends beyond our trail stewarding and intends to make a bigger impact on a larger scale. For this year, we are proud to announce a few new Birkie Green initiatives:

- For 2022, the iconic Birkie week race bib will be made from 100% recycled waterbottle plastic. We have partnered with Borah Activewear on this project and are proud that we will keep more than 70,000 waterbottles out of landfills this year alone. When you get your bib this year, be sure to check the tag on the inside for the full story.

2022 Borah Teamwear Bib label - working to do our part.

- You will notice this winter that the Birkie office will have been covered with solar panels and that the OO Johnson Center trailhead parking lot will have a large solar array. Both of those solar installations will produce more than 100% of the annual electricity needs for those facilities. Our long term goal is to implement methods to produce more than 100% of our organizations annual electricity needs.

Solar install at Birkie HQ

- For the 2022 Birkie week, we will be offsetting the carbon produced by all of our fossil fuel and electricity needs during February to put on Birkie week, this includes our grooming of trails, our electricity burn, our propane and our bussing. For sure we have a long way to go to being able to put on a carbon neutral event, but we will get there. We also hope to be able to provide a simple way for you to join us and offset the travel to and from Birkie week. You can learn more about our carbon offset activities and join us in that effort at the Birkie website.

Beyond these new efforts, we are proud to continue with:

- Electric Car chargers at our most popular trailheads, encouraging people to make the switch to electric passenger vehicles.
- Over 10,000, and growing, reusable Birkie gear bags in use, reducing thousands of plastic bags in landfills every year.
- Solar lighting at our aid stations.
- As we replace bulbs throughout the trail and facilities we do that with low energy LED bulbs, we have already replaced hundreds of bulbs.
- Complimentary waterbottle refill stations installed at our most popular trail heads.
- All race guides, maps, Birch Scroll etc... either switched completely to digital or digital option encouraged.

OO Trailhead Solar Panels, working to keep the Johnson Family Outdoor Center powered by renewable energy.

—Photo courtesy of Jeff Tumbleson.

Long term, we do have some very lofty but achievable goals.

By the 2024, we are going to work hard to be able to put on a completely carbon neutral Birkie Week. By 2026, we are chasing a goal of being a completely carbon neutral year round organization.

The greatest threat to our planet, or to solving the social injustices around us, is the belief that someone else will solve it. Let's be on the right side of history.

# BIRKIE GREEN

Charging station at the American Birkebeiner Trailhead in action.

# Engaging in the Birkie Through the Years

—Andrew Wall, Development Director

I'm old enough now to tell stories about life through time, that I suppose is both fortunate and means that my faster (not necessary better) Birkie days are the rearview mirror of life.

I was 18 years old when I came across the Birkie Trail on a cold winter day of 1991 during the semester break from my first year of college. Some of my bike racing teammates had driven south for winter training, while I had headed north to ski and ride the rollers in my grandparents hunting "cabin". I'd drive the 45 minutes to the Birkie Trail and skied in my riding tights, chamois and all, then come home to the cabin for 30 minutes or an hour on the rollers on my bike. My ski technique was terrible, but I found a love of skiing. Those first years I was chasing speed, technique and almost always those that lived in better snow country than I. I fell in love those college years with snow and skiing.

I'd start and finish grad school, got married and started a family before I would begin again my Birkie journey. When my kids were young I started coming to Birkie Week again, first the Korte, then the full distance. We'd travel from Champaign, Illinois and then Western New York, the kids would complain about the cold, love the Barnie Birkie, and then they'd suffer through dad skiing. Their suffering was never silent, unlike my own on race day. It was a struggle every year when the kids were young. I loved it, but for some reason my passion just didn't appear to have moved down a generation.

It was such a struggle that by the time my daughter was in her teens I told her just

stay home, "I'd rather not deal with your complaining" I'd tell her. Shortly after she announced that she had looked it up and she was old enough to ski the Korteloppet. Much to my and my wife's surprise instead of staying home and giving me a child free time on skis, suddenly I was skiing the Korteloppet with my daughter. Her first year would be a test of patience for me, but a victory in sharing my love of skiing none the less. My days of striving for speed were gone, now I had a new purpose to ski a few years with my aspiring children, keep up while I could, but enjoy the generational transition.

After years of complaining about their Birkie attendance, and mandatory family fun ski outings, my two children would each head to snow for college. My daughter making the jump from our then home outside of Los Angeles to the University of Minnesota, my son making a similar decision to head to the snow of the mountains around University of Utah. Those years of dragging the kids to ski suddenly seemed to have purpose in ways I could not have imagined. They did in fact share in my love of the outdoors and varied seasons, something I could never have predicted years before.

Each year as I start to climb the power line hills I take stock of my life. Some years I pass my own test, I'd feel fit, capable and mentally ready for the challenge of the kilometers to come, and symbolically broader life challenges. Other years, the test would reveal a year of long work hours, stress and all the challenges associated with working/parenting/ and living in the fast paced modern world. I'd start to suffer on the power line and it would lead to a day of suffering, a Birkie "sufferfest". I came to see the

Birkie as a litmus test of how I was living life, right or wrong each year was a check up, a taking stock.

In 2018 I had reached new professional heights, and started the race completely out of shape, nursing an ankle injury, hoping and praying that I might make it through the day. I'd retire after 25 kilometers or so. I'd broken a boot. While true the boot was broken, I knew a deeper truth, that life had taken its toll on my body, mind and spirit. Along those 25 difficult kilometers I started to take more seriously living a healthy lifestyle and the seeds of changes in life I needed to make to actually pass the power line hill test. I aspired to a healthy life that seemed to allude me while chasing new professional plateaus, raising a family and sometimes riding or skiing between my many life demands.

During COVID the seeds of a new life that began on the Birkie Trail that February day became reality, we uprooted ourselves from Southern California and ventured to the upper midwest. I shifted professional gears, and I'm hoping for my best grade ever on the power line this coming winter.

So, the Birkie has been with me through the years. It's meant different things at different times. It began with speed and competition, transitioned to become about family, and ultimately has helped me take stock of the direction of my life. Its interwoven with my personal journey and with my family history. It has helped to make life have a bit more "spice", and given me the purpose to be outside and exercise through the years. It has helped me find my way, to correct course, and been a celebration that marks the passing of time.

# One Man's Ski Legacy

My dad, John McKenzie, crossed the finish line of life in October 2020 at the age of 89 years old. He crossed his last Birkie finish line at the age of 80, winning his age group. I was blessed to have skied and crossed the finish line with him. He then completed 4 Kortelopets until he retired from skiing at the age of 84.

He often came home with a beautiful Birkie mug or other award and would announce his place of 1st, 2nd or 3rd. We would always respond, "Out of how many dad?" He would chuckle and say, "You're not supposed to ask."

Of course, as he aged, the numbers in his age bracket shrunk. But he always strove to win his age group.

I still remember how proud he was when he got his birch leggings after doing his 20th Birkie. But his Birkie career was only half done.

His total came to 25 full Birkies and 4 Kortelopets in his 29 years of nordic skiing. Previous to nordic skiing, my dad had been on downhill skis since he was a small boy. Both he and his father were downhill ski instructors.

I still remember piling in the car with my 5 siblings and heading to the local ski hill where my dad would get us our ski equipment and say, "See you at 4!"

Six gangly kids were free to roam the ski hill for a full 6 hours most every weekend during the winter months.

In his late 50's, my dad was introduced to nordic skiing and the Birkie.

It was love at first ski.

Not content with doing just the Birkie,

2012 Birkie finish line with Marie Sumnicht and her father, John McKenzie when he was 80.

he flew to Lillehammer, Norway in the late 90's to ski the König Ludwig race, one of the races in the World Loppet series.

As much as my dad loved the outdoors, he always wanted others to enjoy it with him. He invited me and my husband to try this crazy sport and race called the Birkie. It didn't take long for us to get "Birkie Fever". Spending Birkie weekends with my dad over the years became a special father daughter bonding time.

As I waited for him at the finish line, I proudly told people as he came in, "That's my dad. Can you guess how old he is?" Nobody believed me when I told them his age. They all thought he was much younger.

This year, a few family members will ski

the Birkie and Kortelopet in honor and memory of my dad.

It will be a bittersweet ski, but we know he'll be at our side encouraging us with every pole and every swish of our ski.

Thank you, dad, for showing us how to overcome challenges and not let fear or intimidation be an excuse. Thank you for showing such fortitude, even in the last months of your life as you biked and did exercises to maintain strength.

Thank you for never giving up.

To all 2022 Birkie skiers, ski hard and be grateful for another chance to take on the Birkie. My dad will be out there cheering you on.

—Marie Sumnicht, Daughter of John

# 2020-2021 ANNUAL REPORT

**A YEAR LIKE  
NO OTHER**

Mt. Telemark Village  
Staff to Serve You  
Virtual Birkie

# FINANCIALS

## ABSF 2021 Annual Report Treasurer's Comments

A letter from the ABSF Treasurer,

It is my pleasure to present the annual financial report for American Birkebeiner Ski Foundation (ABSF) for fiscal year ended June 30, 2021.

### Overall Results

For fiscal-year 2020-2021, the ABSF's total revenues exceeded its total expenses, yielding a net surplus of \$510k. ABSF's total equity grew by 16.1% since the fiscal year ended June 30, 2020 to an ending value of \$3,679k.

### Balance Sheet

On July 1, 2020, the ABSF cash balance was \$938k and on June 30, 2021 the cash balance was \$458k. Total Assets grew 37.4% year-over-year to \$7,629k. The main growth was due to increases in Fixed Assets from the purchase of the overall Telemark project. Total Liabilities rose by 65.7% primarily due to financing of the Telemark purchase but also equipment for trail and snow-making operations.

### Revenues

Total Revenues for fiscal year 2021 were \$3,033k a decrease of \$313k or -9.4% from the same period a year ago. The revenue drop was the result of Covid-19 precautions taken across our events. This is shown in Event Operations Income, down \$349k for the year. Total Donations inclusive of Sponsorship, Grants, Restricted funds were up \$70k year-over-year to \$1,242k and this made up 41% of Total Revenue.

### Expenses

Total Expenses for the year dropped 22.4% or \$728k to \$2,522k. This year-over-year favorability came primarily from savings on Event Operations because of Covid-19 restrictions. The mandated health directives we chose to follow limited contact points for our event participants. This was seen in the elimination of the in-person expo and bib pickup, busing, post-race changing and gathering tents to name a few. Trail Expense also saw material savings of \$147k contributing favorably to the bottom-line.

### Capital Expenditures

The ABSF capitalized purchases totaled \$1,339k split across Telemark \$785k, Trail \$422k, Facilities \$104k, and Snowmaking \$27k. These capital allocations allowed the ABSF to invest in new snow guns, construct a bridge over HWY 77, raze the Telemark lodge to prepare the property for future development, and build an underpass at the Birkie Trail Head to name a few key projects.

What a challenging and yet fantastic year for the ABSF. Hats off to all the ABSF team members for their excellent performance this year. And we thank you for your continued support and generosity.

Sincerely,

Mike Brown, Treasurer, ABSF  
7/22/2021

## Notes on Financials Statements (Disclosures)

### Our Mission

The American Birkebeiner Ski Foundation is a 501(c)(3) non-profit organization dedicated, as reflected in the Birkie Mission Statement, to hosting one of the world's best cross country ski events, the American Birkebeiner, maintaining one of the nation's premier recreation trails, and promoting healthy lifestyles for people of all ages. The American Birkebeiner is made up of several events in addition to the 51K and 55K Birkie marathon races and the 24K Korteloppet race (the second largest ski race in North America).

### Accounting Method

The ABSF presents its financial statements on an accrual basis in accordance with accounting principles generally accepted in the United States of America (US GAAP). Certain items are maintained on a cash basis, which is not materially different from the accrual basis of accounting. The ABSF fiscal year spans July 1 through June 30.

### Basis of Preparation

The financial statements include certain prior year summarized comparative financial information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with US GAAP. Accordingly, such information should be read in conjunction with ABSF's financial statements for the year ended June 30, 2021, from which the summarized information was derived. All financials within are unaudited results.

### Depreciation for Buildings, Furniture, and Equipment

Land, buildings, furniture, and equipment owned by the ABSF are stated at cost at the date of acquisition. Useful lives range from 39 years for buildings, 7 years for furniture, 5-7 years for heavy equipment and 5 years for technological equipment. Depreciation is calculated on the straight-line basis over the assets' estimated useful lives, except for land. ABSF reviews long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. An impairment change is recognized when the fair value of the asset or group of assets is less than the carrying value. There was no impairment recognized for the year ended June 30, 2021.

# SUSTAINABLE TELEMARX CAPITAL CAMPAIGN

## WHY TELEMARX NOW?

The mission of the American Birkebeiner Ski Foundation is to promote and conduct the finest international cross country ski competition; to serve as good stewards of the American Birkebeiner Trail; and to support healthy and active lifestyles among people of all ages and abilities. We also acquire land for conservation purposes to help us fulfil our mission.

Mt. Telemark Village will allow us to reach more people and get them outdoors with new activities. Whether a competitive athlete, the casual skier, a trail runner, a child climbing a snowy hill to ride a saucer sled to the bottom, or a family learning how to mountain bike together, the Village will bring people together in the outdoors. This is our mission, and Telemark is our legacy and future.

The real estate closing for the Telemark property took place on February 7, 2021. The Lodge was completely razed by May, 2021

Ernie St. Germaine, Honorary Chair of the Campaign for Sustainable Telemark

*"What a place this will be! I have such good memories of Telemark when I was a Nordic Ski Instructor, and I'm excited to be part of bringing it back to life to create new memories now and for future generations. The future of Telemark and of Nordic skiing is in the hearts of our youth. I am so proud of my grandson Benjamin. He loves skiing."*

**Overall Concept Plan**  
200881 | American Birkebeiner – Mt. Telemark Village Master Plan

June 2, 2021

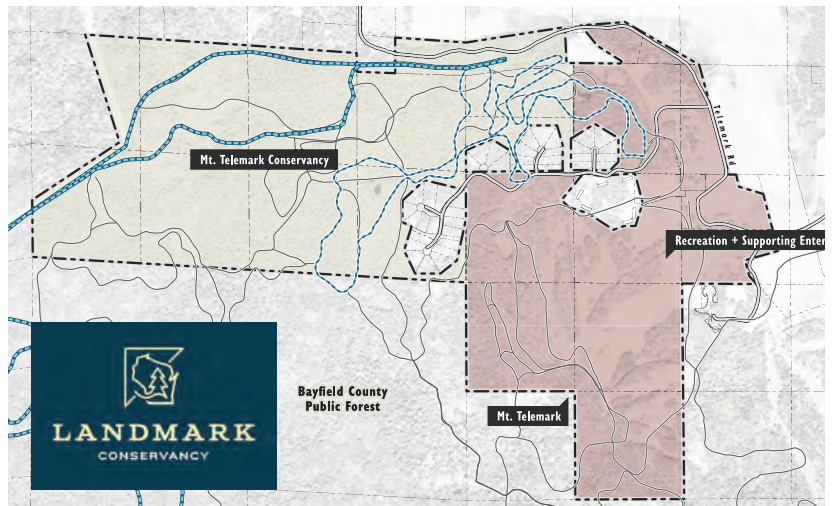

Mt. Telemark Village will come to fruition through public support for shares or acres in the Mt. Telemark Conservancy.

**Goal for total support for the 286-acre Mt. Telemark Conservancy: \$1,430,000.**

- 100 acres available at \$5,000 each
- 9,300 shares at \$100 each

**What these dollars will support:**

- Protection of the land through conservation easements
- Restoration of existing and new ski and mountain biking trails
- A Nordic center and a roller ski path
- Expanded snowmaking
- An ice-skating rink, sledding hill, and a lookout tower on Mt. Telemark
- Payments on the mortgage established when ABSF purchased the Telemark property
- Supporters get a Certificate, recognition on a Mt. Telemark Conservancy sign, and more

Conservation easements will be placed on 286 acres.

# MEET YOUR BIRKIE STAFF

Working at the Birkie has some perks - like staff workouts and encouraging fun, always. We are a dedicated and hard working - get stuff done - kind of crew who provide world-class experiences to you ... right here in the Northwoods of Wisconsin.

This year at our staff retreat we finalized our core values and live by them daily.

- **Bring Joy**— Bring positive energy to interactions and guest experience
- **Integrity**—Integrity inspires trust, trust is irreplaceable
- **Be a Team Player**—We are a family where teamwork happens when needed, not when convenient
- **Everything Can Be Improved**—Ask why to facilitate innovation and continuous improvement
- **We Value Diversity**—Be welcoming accommodate diversity
- **Lead By Example**—Be a guide and inspire
- **Get Stuff Done (GSD)**—Prioritize action - we will fix it if it is wrong

# VIRTUAL BIRKIE

2020/2021 was a tough year for event companies. Most event organizations reported a challenging year as so many events were cancelled or modified extensively. Virtual events became a thing that everyone contemplated or participated in. The Birkie organization was not immune to that uncertainty.

But, we are proud to say that we worked hard to still hold in person events, albeit they were modified extensively. Some facts about our events this year:

- Birkie Week was different in so many ways. We have had low and no snow years and hope to never repeat those. But the 2021 race fully masked up and spread out over 5 days with staggered starts was an enormous undertaking. In the end we are proud to have pulled off an in-person event, and a virtual event with 47 different virtual venues. Our numbers for the 2021 race were down from the past, but it was still our goal to give everyone their Birkie ski experience regardless of venue.
- Almost 1000 people participated in a staggered start, spread over 2 days Birkie Trail Run Festival, which also included the Half Marathon Trail Running National Championships.

Ari Ofsevit, Acadia NPS

Swedetown, MI

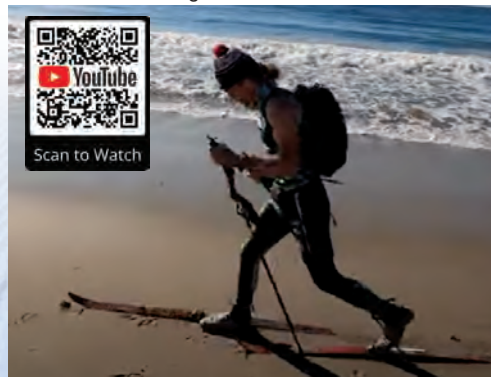

Corrina Jones, Blue Mound, WI

Paul Grasse, 12 skiing the PH at Iola, WI

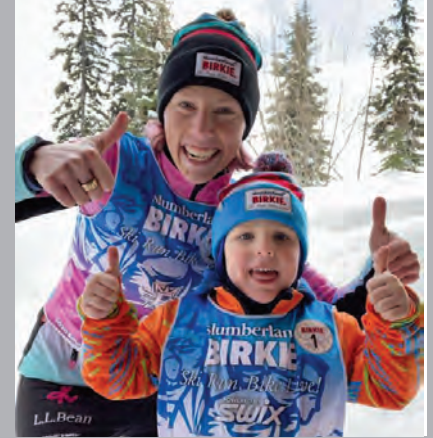

Iola, WI

Sand skiing the virtual Birkie (a Los Angeles Ski Marathon)

## From Wisconsin, to Alaska, to California and Maine.....

Olympic Gold Medalist, Kikkan and son Breck skiing their Birkie and Barnebirkie in Alaska

Elijah Ourth, completing his first Birkie at Mt. Ashwabay (and Annalee who unofficially skied the whole 43k)

Local Birchleggers Donn (29th Birkie) and John (36th Birkie) were the first out on the course at Ashwabay today! A huge inspiration to see their smiles at the start

# ... the Birkie Spirit lives on!

David Thompson (Bib 70615) did his Virtual Kortelopet XC Ski Race-Skate Sunday 2/21 at the Arizona Nordic Center, 8200-8700 feet elevation (rather than traveling to Wisconsin). His wife, Haze Thompson, met him at the end of the first and second laps with electrolytes and food, and of course at the finish. This photo is David, ready to go!

- Approximately 250 people participated in a staggered start, first time Telemark Ascent MTB race. Although not a singletrack race per se, it was well received.
- The First Annual Turkey Birkie was held at the Birkie start area. Although this first version is nothing like what we anticipate the ultimate version to be, we got the ball rolling for an early winter ski festival in the northwoods.
- The Birkie Tour and Seeley Hills Classic both were held in a socially distanced fashion without aid stations and without any awards ceremony or expo. It was exciting to see people enjoying themselves on the trail.
- Fat Bike Birkie week continued the spread-out staggered race experience for 2021. Waves of fat bike riders took to the trail and completed their race on the Birkie trail.

Still over 12,000 racers took part in Birkie events during the year. We are proud that everyone put their trust in us to run a safe event in trying times. But, we are really looking forward to bringing everyone back up to the northwoods again this year.

Ian, Ryan and Shawn Meeker, Mt. Ashwabay,

Kate Ullman, 15th Birkebeiner, Mt. Ashwabay WI

Great job, Craig! Number 24 is in the books! Thanks to Timberland Hills Ski Trails for providing a great place for Craig to get after it!

Joe, Rowing the Birkie!

Day Two has been a hoot! We've had folks skiing their 37th Birkie and some skiing their first Haakon, with everything in between. Once again, major shout out to the groomers, and today, to the grill masters too

# Slumberland Furniture Renews Title Sponsorship of the American Birkebeiner and the Birkie's Year-Round Lifestyle Brand – Here's to Another Three Years!

Slumberland is thrilled to continue its partnership with the American Birkebeiner Ski Foundation through 2024, making the title sponsorship commitment nine years and counting. Both organizations aim to improve the lives of those they encounter – the Birkie by encouraging an active lifestyle for all, and Slumberland through its products, services, and company values. They believe this alignment makes their partnership an ideal fit.

“We at Slumberland have been impressed with the forward-thinking direction of the Birkie team. We are proud to play a role in helping good things happen,” said Clay Diggins, VP of Sales and Store Operations at Slumberland. “That’s why we’re so pleased to have signed on for another three years of this partnership, helping people of all ages and backgrounds to participate in a healthy, active lifestyle.”

As ABSF Executive Director Ben Popp states, “We couldn’t be happier to have an organization like Slumberland continue to support the ski community and, more broadly, the year-round Birkie lifestyle. Our shared vision and values have created a strong partnership that will allow the American Birkebeiner Foundation to continue to grow and flourish. We are very much looking forward to exciting times during the next three years with Slumberland as our Title Sponsor.”

The partnership between the Birkie and Slumberland also promotes the 40 Winks Foundation, created 25 years ago by Ken Larson, the founder of Slumberland. The foundation’s mission, to give a mattress to any child sleeping on the floor, stems from the recognition that a healthy night’s sleep on a good mattress is essential for any child. To date, there have been over 45,000 mat-

tresses donated to families in need since 1991. The ABSF will draw awareness to 40 Winks through the Slumberland/ABSF partnership.

Did you know you can get a free race entry to ANY Birkie event when you shop at Slumberland? Simply make a total purchase

of \$1,000 or more on your choice of Slumberland furniture, home decor, beds, mattresses, accessories, and more—either one piece or multiple items—and get a free entry to any Birkie event. Just take a picture of your sales receipt and email it to the Birkie at [entry@birkie.com](mailto:entry@birkie.com).

## BIRKIE OPEN TRACK

Wed. February 23, 2022

Ski your Birkie, Kortelopet, or Prince Haakon on Wednesday and finish in downtown Hayward on Main Street. With a limit of 1,000 skiers, the atmosphere will be more laid back than a traditional Birkie.

NAME	ACTIVITY	VIRTUAL VENUE	#	KORTES	BIB #

# Stelljes and Pond Take Top Honors in the Big Fat 47K at 2021 Fat Bike Birkie

## Brandvold and Furlong Top the Podium in Half Fat 21K

The sun was shining on the 2021 Fat Bike Birkie, presented by Freewheel Bike, with start line temps hovering around 32 degrees. Held at the American Birkebeiner Trailhead near Cable, WI, riders rolled their way down the snow-covered American Birkebeiner Trail, on a looped course, as they made their way back to the finish line. Corey Stelljes and Sonia Pond were named champions in the Big Fat 47K, with Jack Brandvold and Bee Furlong first across the line in the Half Fat 21K.

The field of riders was stacked with returning competitors as well as first time Fat Bike Birkie participants. Riders were greeted with a perfectly groomed corduroy racecourse and temps flirting with the mid-40s at the finish line. The course was fast and held up well despite warming temperatures. For a third year, the 10K Fun Fat tour riders participated in the Fat Bike Birkie events.

It was a three-peat for this year's Big Fat

47K champion in the men's category, Corey Stelljes, Madison, WI, finishing in 1:38:46.0. Stelljes is no stranger to the Fat Bike Birkie with first-place podiums in 2019 and 2020. Just a whisker behind him locking in second place for a third year in a row was Chris Stevens, New Richmond, WI, with a time of 1:38:46.1. Steve Marshall, Wayzata, MN, rounded out the podium with a time of 1:41:54.2

Women's 47K Big Fat 2021 winner, Sonia Pond, Burnsville, MN, clinched the title with a time of 1:58:54.2. Pond also held top honors at the Fat Bike Birkie in 2019. Second across the line was Kenzie Statz, Wisconsin Rapids, WI, with a finish time of 2:00:11.8. Rounding out the podium was Erin Ayala, Brooklyn Park, MN, in 2:09:01.1.

"It was a beautiful day for a bike race. Cold overnight temps and great grooming made for a fast course for riders, even after

heavy rain earlier this week," said Ben Popp, Executive Director, American Birkebeiner Ski Foundation. "We are grateful for the cooperation of all riders in following safety protocols which ultimately allows us to host great outdoor events like Fat Bike Birkie.

The 2021 Fat Bike Birkie events were unlike any other year with no international competition; no spectators; no indoor gathering or warm spaces, masking in the start and finish zone; riders carrying their own energy needs and hydration vessels; social distancing in the start and finish areas; no post-race party, takeaway post-race lunch and beverage, and an extensive list of safety protocols and measures in place for the safety of participants, volunteers, staff and the greater communities.

### The Big Fat 47K

#### Men

1. Corey Stelljes - Madison, WI - 1:38:46.0
2. Chris Stevens - New Richmond, WI - 1:38:46.1
3. Steve Marshall - Wayzata, MN - 1:41:54.2

#### Women

1. Sonia Pond, Burnsville, MN - 1:58:54.2
2. Kenzie Statz - Wisconsin Rapids, WI - 2:00:11.8
3. Erin Ayala - Brooklyn Park, MN - 2:09:01.1

### The Half Fat 21K

#### Men

1. Jack Brandvold - Minneapolis, Mn - 42:34.39
2. James Halverson - North Branch, MN - 43:48.25
3. Connor Buchanan - Pleasant Prairie, WI - 45:02:53

#### Women

1. Bee Furlong - River Falls, WI - 49:41.13
2. Wendy Stocker - River Falls, WI - 52:26.60
3. Jill Beskar - New Richmond, WI - 52:27.27

The Fat Bike Birkie was brought to you by presenting Sponsor - Freewheel Bike Shop  
 Other sponsors include: Anderson's Maple Syrup, Earth Rider Brewery, Framed Bikes, 1Up USA, Clif Bar, Gu Energy, Nuun Hydration, Backroads Coffee Company, Borah Teamwear, Northern Lakes Co-Op, Toko Cycling Gloves, New Moon Ski & Bike Shop, and year-round Birkie lifestyle sponsor, Slumberland Furniture.

# Aren't you just a ski race?

—Joe Vadeboncour, Chief Operating Officer

That is one of the most common questions we hear, which leads to one of the most common misunderstandings of who the Birkie is just that – Aren't you just a ski race?

My answer to that question is an emphatic no. We are a community focused nonprofit. Our mission is to:

- Put on World-Class Events
- Be good stewards of the American Birkebeiner Trail corridor and other associated trails
- Promote healthy outdoor activities for people of all ages

We have a set of Core Values that we are dedicated to:

- Bring Joy
- Integrity
- Be a Team Player
- Everything can be improved
- We Value Diversity
- Lead By Example
- Get Stuff Done (GSD)

Our tag line of Ski-Run-Bike-Live does its best to communicate our mission in a way that hopefully everyone can see and

2021 Barnebirkie Finisher and proud father.

Little spectator and the future of our sport cheering on Hayward's Main Street.

identify with. Our existence began with the American Birkebeiner Ski Race, but we have evolved to a year-round organization:

- To achieve our mission elements, we organize and manage 15 different year-round events. They range from Ski-Run-Bike participant events to youth camps, to festivals to Lumberjack World Championships
  - o Birkie Tour
  - o Seeley Hills Classic
  - o Birkie Ski week (really 10 separate events)
  - o Fat Bike Birkie
  - o The Epic Bike Festival
  - o Lumberjack World Championships
  - o Lumberjack Run
  - o Birkie Trail Run Festival
  - o Telemark Ascent
  - o Turkey Birkie
  - o USSA Super Tour
  - o Ladies' Fat Bike Getaway
  - o Gitchi Gami Games
  - o Nordic Kids
  - o Trail Kids

slumberland  
**BIRKIE**

*Ski. Run. Bike. Live!*

- We are developing Mt. Telemark Village into a premiere outdoor recreation facility in the Cable, WI, with XC skiing, MTB park with trails and skill areas, hiking trails, sledding, and skating, community spaces and event grounds. In addition, we are partnering with other businesses to bring amenities such as a hotel, camping spaces and small cabins, coffee shop, brewery or tap room, restaurants etc.
- We manage more than 100km of Nordic ski trails in the area, including 5+ km of snowmaking.
- There are currently 23 talented passionate employees at the Birkie. Those employees are community members involved with many aspects of the local community.
- We are invested in our community in many ways and continue to work to bring economic value to the area and inspire healthy lifestyles for all ages.

Nordic Kids at the OO Trailhead.

Birkie Trail Kids at Silverthorn Park in Seeley, WI

Some additional fun facts about the Birkie organization.

- 20,000+ participants in our events year-round.
- 50,000+ visitors to the area are here to attend those events originating from all 50 states, and 30 different countries
- We communicate via email with over 30,000 people on a regular weekly basis.
- There are currently 1,328 members of the American Birkebeiner Ski Foundation.
- The Birkie owns multiple pieces of equipment for winter trail grooming and multiple pieces of heavy equip-

ment for summer trail development and maintenance.

- Birkie events require 4000 volunteer shifts at our events each year. We are extremely blessed to be part of such a giving community.
- 75 Media Outlets on Site at Events
- Social Media followers
  - o Facebook: 20,000+
  - o Instagram: 8000+
- Birkie website sees more than 1.5 million page views per year

We remain flattered grateful that you have joined us on some or all the above activities as participants or volunteers or sponsors or community members as well as the

journey from humble beginnings to where we are today. We are excited to have you join us as we move forward developing our brands of Ski, Run, Bike, Live even further.

Mountain Bikers climb up to the top of Mt. Telemark during the Telemark Ascent.

# History of the Adaptive Birkie

—John Oman, 2014 ParaOlympian and Data/Analytics Manager at ABSF

The Adaptive Birkie became a part of the Birkie tradition in 2008, led by Don Becker of Madison, WI (primary donor of the Becker Law link that crosses over Hwy 77). The Adaptive Birkie has taken different forms over the years as the event has evolved with changes and opportunities in Birkie Week. Currently, Adaptive Birkie athletes ski across Lake Hayward, make their way over the International Bridge, and finish on Main Street on Friday morning. Traditionally, the vast majority of adaptive skiers competing in the Adaptive Birkie have been sit skiers. Much like the American Birkebeiner and the Kortelopet, many of those skiers come back every year to do the race. Each skier is allowed to have a guide of their choice if desired. Some notable repeat participants in the past are Steve Litzkow, Jane Schmieding, Autumn Neugent, Phil Van Valkenberg, and Brenden Ojibway. In addition to his accomplishments in the Adaptive Birkie, Brenden Ojibway has gone on to complete the 14K Prince Haakon 4 times using his sit ski. Phil Van Valkenberg, in addition to completing the Adaptive Birkie multiple times, has also completed 33 American Birkebeiners and 3 Kortelopets without using his sit ski.

Throughout the storied Birkie history, there have been several adaptive athletes (including former Paralympians) that have completed the American Birkebeiner and the Kortelopet. In 2016, Dan Cnossen (injured in Afghanistan in September 2009 while serving as platoon commander for SEAL Team One) completed the American Birkebeiner in a time of 3:50:52 using his sit ski, which qualified him for Wave 1 of the American Birkebeiner Classic race.

## What is Adaptive Cross Country Skiing?

Adaptive cross country skiing simply refers to the type of cross country skiing in which adaptations are made so that people of certain disabilities can participate. Within the sport, there are 3 main classes: sitting, standing with a limb impairment, and standing with visual impairment. Sit skiers use a sit ski and two poles using the double pole technique as they glide through the trail in the classic track. Both standing classes compete in skate and classic techniques. Visually impaired skiers follow a guide in a race to aid in trail navigation and understanding what terrain lies ahead. Limb impaired standing skiers may use two poles, one poles, or no poles depending on their level of impairment.

## A New Name

This year, the Adaptive Birke is taking on a new name; the ParaBirkie. The prefix 'para' is used in many words: paragraph, parallel, parachute, etc. Not surprisingly, it means "beside, alongside of, beyond, or aside from". Using the prefix 'para' in naming an adaptive athletic event is also nothing new. The Paralympics started in 1976 with the intention of being held 'beside' the Olympics. The Para-

*Ski. Run. Bike. Live!*

# 2022 ParaBirkie BIRKIE®

lympics are held at the same venue as the Olympics but start about two weeks after the Olympics end.

The Birkie Trail and venue is no stranger to hosting adaptive cross country skiing events. The trails on the Telemark property played host to the International Paralympic Committee World Cup in 2013 and 2015.

If you are looking to be inspired, check out the ParaBirkie in 2022!
